## Life Line Netting

Now available  
in **BLACK** only.

### Standard 4" Netting

We've upgraded our standard netting to a 3mm, woven HTPP (High Tenacity Polypropylene), retaining the same 4" diamond mesh. This material makes for a stronger, more colorfast netting. Available in black only, in precut lengths. Fills that vulnerable void between life lines and deck. Adjusts for life line height from 20" to 26".

CAT. NO.	COLOR	SIZE
48-910B	Black	26" x 10'
48-920B	Black	26" x 20'
48-940B	Black	26" x 40'
1000B	Black	26" x 100'

### High-End 2" Polypropylene Life Line Netting - not just for life lines.

- (HTPP) High Tenacity Polypropylene
- 3mm, 2" x 2" square woven mesh. Bordered top and bottom.
- Custom size nets available up to 24' wide.
