NEW!

Edson ACCESS™ Wheel

ACCESS around Pedestal

ACCESS to Instrumentation

Traditional "Round Side Up"

Edson Reinvents the Wheel!

Edson's new ACCESS™ Wheel provides convenient mobility through the boat's cockpit, providing much desired access while moving fore and aft, from companionway to swim ladder, without having to step up on the cockpit seats to walk around a standard large diameter wheel. The ACCESS™ Wheel also gives critical access and visibility to pedestal mounted instruments, displays and engine controls, eliminating the need to reach through wheel spokes to access the boats navigation and control systems.

Each wheel hub is provided with two keyway locations, enabling the wheel to be mounted with either the short side or the traditional "round" side up while sailing. The wheel is simply turned to the side while at dock or anchor to allow access around the pedestal.

- Access through the cockpit and around the pedestal
- Access to pedestal mounted Instruments
- Solid, One-Piece Design
- No sharp corners or collapsing parts
- Comes standard with Gray Comfort Grip Leather Rim Cover
- Two Keyway locations for greater mounting options.
- Wheels from 36" to 40" feature 5 spokes.
- Wheels from 44" to 48" feature 7 spokes.

- 36" ACCESS Wheel - Order #607CG-36
 - 40" ACCESS Wheel - Order #607CG-40
 - 44" ACCESS Wheel - Order #607CG-44
 - 48" ACCESS Wheel - Order #607CG-48
- (For straight bore order #605CG)

ACCESS™ Wheel Dimensions			
Wheel Diameter (D)	R ₁	R ₂	
36"	18"	12.5"	
40"	20"	14"	
44"	22"	15.4"	
48"	24"	16.8"	

On all ACCESS Wheels, the short side radius has 30% fewer obstructions than the full-size side!

Tech Tip

How do I determine if an Edson Wheel will fit my Pedestal?

Edson wheels have either a 1" straight bore with a 1/4" keyway and a 2 3/8" hub length or a 1" bore with an 8 degree taper, 3/16" keyway and a 1" hub length. Measure your existing wheel to determine if these dimensions match your wheel and shaft.

Stainless Dished Destroyer™ Wheel

The classic Edson Destroyer™ Wheel will add distinction and value to any boat. Available in sizes ranging from 18" (457mm) to 60" (1520mm), they feature an attractive dished shape and tapered hollow spokes. Elegant yet strong, these wheels have a timeless appearance that will look great on any style of sailboat. The "D" shaped rim is comfortable in your hands and the optional Leather Wheel Rim Cover will make those long hours at the helm less tiresome. Edson Destroyer Wheels are available with either a 1" straight hub or a tapered hub, both precision machined to ensure an exact fit to your steering shaft.

- Attractive dished-shape and newly styled hub.
- 1" (25mm) D-shaped rim for easy grip.
- Tapered, hollow spokes.
- Wheel sizes from 18" (46cm) to 40" (102cm) feature 5 spokes.
- Wheel sizes from 44" (111.8cm) to 60" (152cm) feature 7 spokes.
- Lightweight.
- Available with Tapered or Straight Hub.

Stainless Dished Destroyer Wheel with Straight Hub - Order #645ST

Stainless Dished Destroyer Wheel with Tapered Hub - Order #647ST

(See ordering guide for sizes)

Leather Covered Dished Destroyer™ Wheel

Edson's 5 & 7 Spoke Stainless Destroyer Wheels are also available pre-covered with our Highest Quality Leather Rim Covers, available in both Buck Tan or Dove Gray. The Orthopedic Grade cowhide is thick, supple and will feel warm in cool weather and cool when the hot sun heats up your wheel.

- Same high-quality construction as Stainless Wheel
- Available in Tan or Gray
- Available in Standard or Comfort Grip™ Leather
- Wheel sizes from 18" (46cm) to 40" (102cm) feature 5 spokes.
- Wheel sizes from 44" (111.8cm) to 60" (152cm) feature 7 spokes.

Leather Covered Stainless Dished Destroyer Wheel with Straight Hub - Order #645LE or #645CG

Leather Covered Stainless Dished Destroyer Wheel with Tapered Hub - Order #647LE or #647CG

(Specify Buck Tan or Dove Gray - See ordering guide for sizes)

Please Note: The Buck Tan Wheel Cover is dyed leather. Although it is of the highest quality, it will eventually fade over time to a gray color if the wheel is not covered. Edson recommends a complete wheel or pedestal cover for protection from the elements to retain the tan color of the leather.

Teak Rim Dished Destroyer™ Wheel

Edson's New Teak Rim Destroyer Wheels are warm to the touch, elegant in appearance and feather light. Edson's Teak Rim Destroyer Wheels feature 5 and 7 spokes just like the Stainless Version.

- Attractive dished-shape and newly styled hub.
- 1-1/8" laminated solid teak rim.
- Delivered with natural teak, ready for each individual's preferred finish.
- Tapered, hollow spokes.
- Wheel sizes from 18" (46cm) to 48" (121cm).

Teak Dished Destroyer Wheel with Straight Hub - Order #645TK

Teak Dished Destroyer Wheel with Tapered Hub - Order #647TK

(See ordering guide for sizes)

* Weight shown are actual weights. Shipping weights may vary greatly due to the size of the wheel.

** Specify TAN or GRAY leather when ordering. FOR EXAMPLE: 645CG-36-5-GRAY = A 36" Destroyer Wheel with a gray comfort grip leather cover.

Supplied By; American Rigging Supply, Inc.

Ultra-Light Carbon Fiber Wheel

Edson's Ultra-Light Carbon Fiber Wheel is the ultimate in style, strength and sensitivity... it will get everyone's attention. Found on such world-class yachts as Swan 601, Farr 40, 52 and 76, America's Cup Yachts, J-Boats, Goetz Custom Yachts and Volvo 60's.

- A breathtaking addition to any world-class yacht.
- Unmatched by heavier stainless and aluminum wheels.
- Virtually no flywheel effect.
- Extremely light, 40" Wheel weighs less than 5 lbs.
- Sleek 5 spoke, dished design.
- Supplied with clear, white or black finish.
- Custom finishes available upon request.
- Fits any 5" (1.27cm) flange, part #698FL.

Ultra-Light Carbon Fiber Wheel - Order #639
(See price page for sizes and options)

Ultra-Light Carbon Fiber Pedestal - Order #430

Swan 601

Ultra-Light Aluminum Wheel

Edson's Ultra-Light Aluminum Racing Wheel has become a favorite on the grand-prix racing circuit because of its low weight, sleek styling and sensitive feel.

- Symmetrical and Non-symmetrical designs. (Symmetrical to 66", Non-Symmetrical 68" - 80")
- Sizes from 44" - 80" (111cm - 203cm).
- Welded construction gives the best in strength and rigidity.
- Black Powder-coated aluminum construction (custom colors available).
- Extremely lightweight.
- Airfoil-shaped spokes - for rigidity.
- Sleek Dual-Spoke, dished design.
- Fits Edson's Custom Flange Steerers.

Clutched Bi-Spoke Destroyer™ Wheel

Edson's Clutched Bi-Spoke Stainless Steel Destroyer Wheel offers the ability to disengage the wheel from the wheel shaft and steering mechanism when the autopilot is on. This greatly reduces the "Flywheel Effect," which puts tremendous load on the autopilot. The Clutched Destroyer Wheel features twin-spokes for an elegant and attractive appearance as well as making it extremely strong and stiff.

- 48" Clutched Bi-Spoke Wheel - Order #650-48**
 - 54" Clutched Bi-Spoke Wheel - Order #650-54**
 - 60" Clutched Bi-Spoke Wheel - Order #650-60**
- Specify LE or CG for Leather or Comfort Grip Rim Cover
(Specify Buck Tan or Dove Gray)

Tri-Spoke Carbon Fiber Wheel

Teak & Holly Rim Available!

Edson's Tri-Spoke Carbon Fiber Wheel offers the unique ability to reach through the wheel for convenient access to pedestal mounted instruments. The hub and spokes are molded in carbon and feature a unique structural component designed to give the wheel spokes rigidity and strength. The wheel rims are constructed of either leather covered aluminum alloy or, for the ultimate blend of contemporary and traditional, teak and holly laminate.

- Leather Covered Aluminum or Teak and Holly Rims.
- Extremely lightweight
- Virtually no flywheel effect.
- Available from 30" (762mm) to 52" (1320mm) diameter
- Ultra-Modern 3 spoke design.
- Supplied with clear, white or black finish.
- Fits standard Edson tapered wheel shaft.

Tri-Spoke Carbon Fiber Wheel - Order #637

TP-52 Orlanda

Stainless Bi-Spoke Destroyer™ Wheel

This wheel is a classic stainless wheel design that is as comfortable on the eyes as it is on the hands. The bi-spoke design gives it superior rigidity and robustness - ideal for offshore sailing. These wheels feature Edson's ergonomic "D" shaped wheel rim for helmsman comfort and it is sized to feel right on hands that are both large and small. These wheels can be covered in Edson's super-smooth orthopedic cowhide, in either tan or light gray colors. For the discerning owner, who wants the warmth and look of a wood rim, Edson can provide these wheels on a custom basis with teak and holly laminated rims.

- Dual Tapered Spokes
- 1" (25mm) D-shaped rim for easy grip.
- "Winch-Handle Socket" Wheel Nut included.
- Designed to fit Tapered Wheel Shafts only (see Tech Tip on pg. 26).

- 36" Bi-Spoke Destroyer Wheel - Order #649-36**
- 40" Bi-Spoke Destroyer Wheel - Order #649-40**
