

lifejacket harnesses

Supplied By:
American Rigging Supply, Inc.

The Deckware range is the first advance in Lifejacket harness design for a generation.

Spinlock's radical re-design, adapts Petzl mountain safety technology to meet the special demands of sailing.

The ease of donning of the Lifejacket harness, and its simple adjustment saves time at critical moments when secure fitting is

vital. When moving and working on deck its shape and detailing increases crew efficiency by allowing unequalled freedom of upper body movement.

Deckware Lifejacket harnesses are used extensively at all major regattas and offshore races in both hemispheres.

Deck series - Deck & Lifejacket harnesses

Deck Pro harness

BHD -PXM/L

Optional Lifejacket version BHD-FA/FM

The Deck Pro harness creates the perfect fit for when the Deckware Lifejacket unit is attached.

Ergonomic shape

The shoulder straps are shaped towards the centre of the chest, for exceptional comfort and freedom of movement.

Lightweight tether attachment point

All the strength of steel but with significantly less weight.

Lightweight fibre structure

Wide padded foam parts for comfort.

Rapid fit

By pulling on the straps on the front of the chest belt, the harness is instantly adjusted to the wearer and their changes in clothing.

Tether stowage

Parks surplus tether away from the working body.

Marine grade stainless steel buckles

Contoured thigh straps

Ergonomically shaped thigh straps follow the contours of the body.

CE approved
EN 1095
ISO 12401

150N Lifejacket with integral Deck Pro harness
BHD-FA/FM automatic & manual gas inflation options

High specification Lifejacket features:

- CE approved spray hood
- Easy-to-find inflation handle
- United Moulders gas inflation
- Ergonomic shape
- Aquaspec AQ98 light

CE approved
EN 396 Spray hood
EN 1095
ISO 12401

Mast series

The Deckware Mast harnesses are the first to be specifically designed for marine use. Enhancements provide more comfort whilst aloft, including extra wide leg straps reducing 'dead leg'. Kevlar® covers on the leg straps give essential fabric protection against deck abrasion.

Mast Pro
BHM-PSG

- Spike pocket
- Multi-tool holder
- Extra wide leg straps prevent dead leg
- Marine grade stainless steel buckles
- Kevlar® anti-abrasion covers
